

Year 8 PSHCE – Racism

1) Research the history of Racism mainly in the UK (but as an extension you can look globally). Think about the laws in place to protect us from Racism – what are they and when did they come in to existence?

2) Use these pictures as stimulus:

Describe what is happening here and how it makes you feel.

3) Evaluate the community and country that you live in today. Do you see examples of racism? Does the media have a part to play? Does the law adequately protect us from Racism?

4) Design a school programme to stamp out racism and encourage better inclusivity and harmony amongst us all.
