

# GCSE Art and Design Year 9- Human Form, Portraiture and anatomy with a sense of place

Hi Year 9 GCSE Art and Design group, you will be looking at 'sense of place'. Sense of place is about the environmental context of how the human being lives, functions or survives.

## Tasks

I would like to create a series of drawings, paintings or pen work on any background materials for example, you can create a drawing on newspaper, painting on a brown card or a cheap canvas from hobby craft or paint on wood- it is entirely up to you. However, the most important aspect of the tasks- it looks good and it is the best work you can do... I have taken photographs of **Hampstead Heath Park**. I would like you to paint or draw these images. It can be big or small pieces. Please bring your outcomes to the Academy in September so that it will be used as part of your coursework. Thank you.
