

Ecosystems

Task 1: Choose a biome from the list below.

1. Draw a picture of a view that you might see in this biome.
2. Write a postcard to your friend about your experience. You could describe what animals and plants you might see.

Biomes
Savannah
Desert
Polar
Temperate

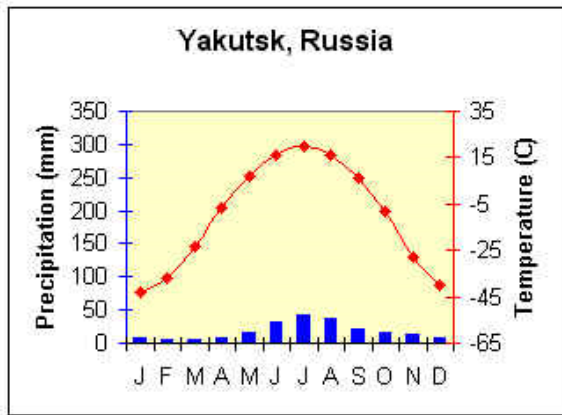

Task 2: Complete the spider diagram with key words linked to ECOSYSTEMS. Add lots more legs!

Draw a simple ecosystem web using the following living things and make notes on why they are linked:
Lion, antelope, tree, shelter, bird, light.

A large, empty rectangular box with a blue border, intended for drawing an ecosystem web.

Task 3: Complete the following tasks on ecosystems. Draw appropriate clothing on the figure.

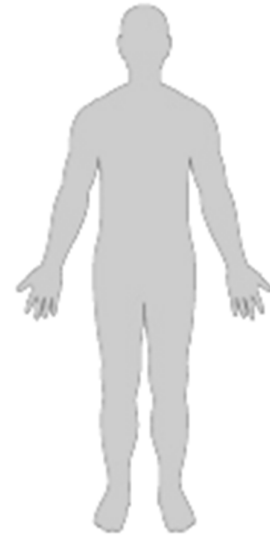

What is the warmest month?

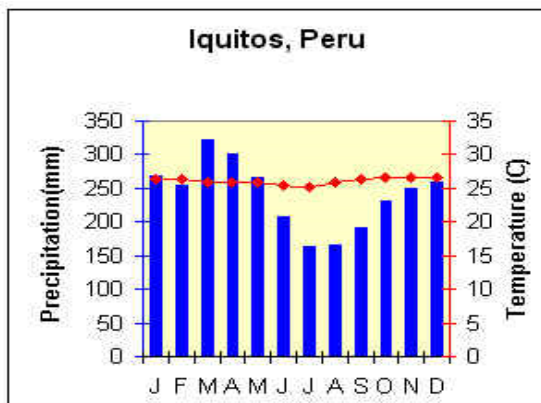

___/___°C

What is the wettest month?

___/___mm

What is the general **trend/pattern** in Yakutsk?

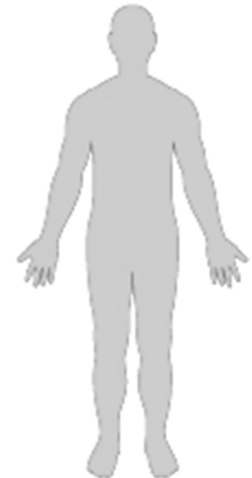

What is the warmest month?

___/___°C

What is the wettest month?

___/___mm

What is the general **trend/pattern** in Iquitos?

Task 4: Write a letter to the Prime Minister explaining **why** we should help save the rainforests and **how** we can help.

Use this suggested format for writing your letter. You need to create your own content – make it at least 1 side of A4.

PUT YOUR NAME AND FULL ADDRESS HERE

PUT THE DATE HERE

Dear Prime Minister,

I am one of your constituents and I am writing to express my concerns _____.

I don't believe that:

-
-
-
-
-
-
-

I would be grateful for a written response in which you confirm your stance and intentions.

I hope you seize this moment for the benefit of all.

Yours sincerely,
