22<sup>nd</sup> March 2021

Dear Parents/Carers

It has been really pleasing to see students back in the academy over the past few weeks. Students have returned with enthusiasm and are highly engaged in their learning. As you may be aware Hillingdon still has higher infection rates of COVID-19 than many other areas of the Capital. It is vital that we all play our part to reduce the spread of COVID-19. Every action we take will help to keep our Borough safe. So please continue to:

- Wash your hands
- Cover your face
- Keep a safe distance
- Get tested
- Take your vaccine when offered

In addition to the measures above, we will continue to strongly encourage students to wear face coverings in classrooms where a distance of two metres cannot be maintained. They should also be worn in all indoor communal areas. If your child is medically exempt from wearing a face covering please can we ask you to contact reception to ensure we have all updated information. All students should arrive at the academy with two face coverings, in case one breaks during the day. Any student who does not have a face covering on arrival will be asked to wait outside until we contact home and arrange for one to be delivered or they will be asked, with the permission of their parents, to go home and collect one.

Students should also continue to perform two self-tests at home each week (the first on a Sunday evening or Monday morning and the second on a Wednesday evening or Thursday morning) and report the results to NHS Track and Trace. Should the result be 'void' or 'positive' it is important that you report the result to the academy as well as the NHS Track and Trace. [Please see the Academy's letter dated 15<sup>th</sup> March 2021 with full details of the Home Testing procedures on the 'Letters Home' page on the academy's website.] Students will receive a second testing pack prior to the Easter holidays.

Many thanks for your support with keeping our academy's community safe.

Yours sincerely

Mr J Delgado  
Principal
